

JULY 30/31, 2016 GARDEN TOUR

Join us on the last weekend of July to celebrate another year of our MN native plant wildlife garden and see what's new in 2016!

We moved here in 2005 and over the last 11 years, have transformed the yard from a jungle of invasive plants, to a native plant garden for wildlife. This year we added a water feature! Stop by, check out the garden and enjoy the bees, birds and butterflies. Bring a beverage and socialize for a while. We'll have photos and lots of information about the garden to share.

Time: Saturday and Sunday 9:00-noon, then 3:00 until whenever. Email if you have any questions!

Go south on
Normandale Blvd

—
Turn left on
Overlook Drive

—
Turn right on
Overlook Circle

—
We're the second
driveway on the
left

—
Look for the
yellow "Bee Safe
Yard" sign in front
